A large cruise ship is under construction at a shipyard. The ship has a white hull with red and black stripes. A large yellow crane is positioned in the foreground, lifting a section of the ship. The shipyard is filled with various construction materials and equipment. In the background, a long bridge spans the water. The image is overlaid with a grid and red text labels 'a' through 's' and '1' through '12'.

This image shows a large ship under construction in a dry dock. A yellow crane is positioned over the ship. The ship has a white hull and a dark red upper section. The construction site is filled with various equipment and materials. A grid is overlaid on the image, with letters 'a' through 's' along the top and numbers '1' through '12' along the left side. Red bounding boxes are drawn around specific areas: a small structure on the left (a1, a2), a crane arm (k1, k2), a small building on the right (p7, p8), a crane base (j10, j11), and a small structure on the right (p10, p11).
